

December 18, 2020

As per NYSDOH mandate and as an effort to communicate current statistics and COVID-19 related information, Chapin Home would like to notify you of the following.

At present, the COVID-19 statistics are as follows:

- New Admission: 0
- New Positive Resident Testing: 0
- New COVID-19 Death: 0
- New Positive Employee Test: 4
- NON-COVID-19 Deaths: 0

On November 10th, 2020, Governor Andrew M. Cuomo issued Executive Order 202.73 amending the nursing home testing requirements to require that nursing homes in red, orange, or yellow zones test all personnel as directed by the Commissioner of Health. The new executive order requires all nursing homes in red, orange, or yellow zones to test or make arrangements to test all personnel twice a week. Such testing must occur twice per week in all nursing homes in these zones until the facility is no longer in a designated red, orange, or yellow zone, at which time the facility may revert to once weekly testing.

- Chapin Home is currently in the Yellow Precautionary Zone. For more information please refer to the following websites:
- <https://www.governor.ny.gov/news/governor-cuomo-details-covid-19-micro-cluster-metrics>
- <https://www1.nyc.gov/site/doh/covid/covid-19-data.page>

Chapin Home continues to follow all CDC and DOH recommendations and continues to report specific numbers to the DOH daily. Based on continuous ongoing testing required by NYS, limited in person visitation has been **suspended** until Friday, January 1st, 2021, which is **SUBJECT TO CHANGE** due to testing results and increasing community levels. Please check the website for additional information.

In the coming days and weeks there will be many additional COVID-19 related updates and you can expect to be receiving many letters and robo-blast from Chapin Home. Any questions and concerns can be directed to the Social Work Department (ext. 2019, 2052, 2008)

Sincerely,

The Chapin Home Team
