October 7, 2022

We are required to notify families of COVID-19 positive staff & residents, we have zero (0) staff and zero (0) Resident positive. We are adhering to all infection control guidelines, policies and outbreaking testing.

Visitors are welcome with a COVID-19 negative test to enter the facility, which is required by the Dept. of Health for all visitors.

- **Visitor Testing:**

- All nursing homes must verify that visitors have received a negative SARS-CoV-2 test result one day prior to visitation for antigen tests and two days prior to visitation for NAAT (e.g., PCR) tests.
- Chapin Home is unable to conduct onsite testing of Visitors at this time.
- Chapin Home will be providing self-administered test kits to visitors who are unable to test outside the facility or meet the required time frame.
- Chapin Home **continues** to adhere to CMS and the Dept. of Health regulations and guidance regarding COVID-19 and is strictly adhering to Core Principles of Infection Prevention.
- As per CMS LTC Facility Testing Requirements, staff that is not “up to date” with all recommended COVID-19 vaccines, including any booster dose(s) when eligible, will be required to test based on the community level transmission for Queens. Currently Queens County is high so testing is required twice (2) a week.

Please keep your facemask (covering nose and mouth) on at all times and social distance when in the building.

We thank you for your cooperation and continued diligence in keeping our residents and staff safe.

Chapin Home requests that this information is shared with all family members.

*** Mezzanine Visitation – Scheduling of visits is required.

July 01, 2022

Visitors are welcome with a COVID-19 negative test to enter the facility, which is required by the Dept. of Health for all visitors.

- **Visitor Testing:**

- All nursing homes must verify that visitors have received a negative SARS-CoV-2 test result one day prior to visitation for antigen tests and two days prior to visitation for NAAT (e.g., PCR) tests.
- Chapin Home is unable to conduct onsite testing of Visitors at this time.
- Chapin Home will be providing self-administered test kits to visitors who are unable to test outside the facility or meet the required time frame.
- Chapin Home continues to adhere to CMS and the Dept. of Health regulations and guidance regarding COVID-19 and is strictly adhering to Core Principles of Infection Prevention.
-
- As per CMS LTC Facility Testing Requirements, staff that is not “up to date” with all recommended COVID-19 vaccines, including any booster dose(s) when eligible, will be required to test based on the community level transmission for Queens. Currently Queens County is high so testing is required twice (2) a week.

Please keep your facemask (covering nose and mouth) on at all times and social distance when in the building.

We thank you for your cooperation and continued diligence in keeping our residents and staff safe.

Chapin Home requests that this information is shared with all family members.

*** Mezzanine Visitation – Scheduling of visits is required.

- All nursing homes must verify that visitors have received a negative SARS-CoV-2 test result one day prior to visitation for antigen tests and two days prior to visitation for NAAT (e.g., PCR) tests.
- Chapin Home is unable to conduct onsite testing of Visitors at this time.
- Chapin Home will be providing self-administered test kits to visitors who are unable to test outside the facility or meet the required time frame.
- Chapin Home continues to adhere to CMS and the Dept. of Health regulations and guidance regarding COVID-19 and is strictly adhering to Core Principles of Infection Prevention.
-
- As per CMS LTC Facility Testing Requirements, staff that is not “up to date” with all recommended COVID-19 vaccines, including any booster dose(s) when eligible, will be required to test based on the community level transmission for Queens. Currently Queens County is high so testing is required twice (2) a week.

Please keep your facemask (covering nose and mouth) on at all times and social distance when in the building.

We thank you for your cooperation and continued diligence in keeping our residents and staff safe.

Chapin Home requests that this information is shared with all family members.

*** Mezzanine Visitation – Scheduling of visits is required.

June 17, 2022

Visitors are welcome with a COVID negative test to enter the facility, which is required by the Dept. of Health for all visitors.

- **Visitor Testing:**

- All nursing homes must verify that visitors have received a negative SARS-CoV-2 test result one day prior to visitation for antigen tests and two days prior to visitation for NAAT (e.g., PCR) tests.
- Chapin Home is unable to conduct onsite testing of Visitors at this time.
- Chapin Home will be providing self-administered test kits to visitors who are unable to test outside the facility or meet the required time frame.
- Chapin Home continues to adhere to CMS and the Dept. of Health regulations and guidance regarding COVID-19 and is strictly adhering to Core Principles of Infection Prevention.

As per CMS LTC Facility Testing Requirements, staff that is not “up to date” with all recommended COVID-19 vaccines, including any booster dose(s) when eligible, will be required to test based on the community level transmission for Queens. Currently Queens County is high so testing is required twice (2) a week.

We thank you for your cooperation and continued diligence in keeping our residents and staff safe.

Chapin Home requests that this information is shared with all family members.

*** Mezzanine Visitation – Scheduling of visits is required.

- Chapin Home will be providing self-administered test kits to visitors who are unable to test outside the facility or meet the required time frame.
- Chapin Home continues to adhere to CMS and the Dept. of Health regulations and guidance regarding COVID-19 and is strictly adhering to Core Principles of Infection Prevention.

As per CMS LTC Facility Testing Requirements, staff that is not “up to date” with all recommended COVID-19 vaccines, including any booster dose(s) when eligible, will be required to test based on the community level transmission for Queens. Currently Queens County is high so testing is required twice (2) a week.

We thank you for your cooperation and continued diligence in keeping our residents and staff safe.

Chapin Home requests that this information is shared with all family members.

*** Mezzanine Visitation – Scheduling of visits is required.
